

Dear Friends:

I am excited to officially share with you that effective April 1, 2025 Haven Toronto will integrate with St. Michael's Homes. Haven Toronto's programs and services will not be affected in any way, and will continue to be provided from the current site at 170 Jarvis Street.

This integration will allow St. Michael's and Haven to more effectively fulfill their missions of providing community mental health and addiction services to homeless and marginally housed, elder men.
